### **GLOBAL RISK DATA YOU CAN TRUST**

Riskline is a market leader in Travel Risk Assessment data. Riskline monitors tens of thousands of sources, 24 hours a day, 365 days a year to ensure you and your people are informed and aware of events and worldwide crises before, during and after travel. Riskline alerts contains essential intelligence, practical advice and precise geographic data about risks to traveller safety or impacts on travel plans.

#### **EVENT INTELLIGENCE WHEN YOU NEED IT MOST**

Riskline has developed an internationally recognised methodology for communicating and assessing risk based on RiskLevels™. Seamless integration with our powerful GAP Rules Engine ensures emerging events can be delivered to your people in real-time, with complete visibility, and without the need for user intervention. Riskline tracks potential threats as they develop and keeps you informed before it's too late.

#### **KNOW BEFORE YOU GO**

Keeping informed on events around the world is an enormous task. Riskline provides insightful Pre—Travel Advisories that give your people detailed risk assessments of ongoing security situations and travel issues. Riskline also publishes reports for high–risk geographic areas, political and security crises, persisting travel disruptions and major upcoming events.
